## SHORT COURSE ON

OPENED MONDAY MORNING AT NORMAL WITH GOOD ATTENDANCE

## WILL BE TWO CLASSES

As Enrollment is Too Large For One Class—Prof. Douglass Made the Opening Talk.

### Tonight's Program.

7:30 p. m.—Lecture: Dairying—Professor Kildee of Iowa state agricultural college of Ames, Ia., at court house.

### Tomorrow's Program.

9-10 a. m.—Lecture: Tillage and Cultural Methods—Mr. Douglass. This lecture will have to do with such matters as the proper methods of plowing and cultivating with special reference to the maintenance of a proper soil tilth and conservation of moisture.

10-12 a. m.—Demonstration: Judging Swine—Mr. Allison and Mr. Simpson. A study of the type of hog which is profitable to the packer, feeder and breeder; comparative judging; a study of breeds.

1-2 p. m.—Lecture: Fattening Cattle for Market—Mr. Allison. Some elementary considerations concerning the fattening of cattle, cost of production, margins and rationing discussed.

2-4 p. m.—Demonstration: Round Table—Mr. Douglass and Mr. Helm. This period will be given to an open discussion of the various problems with which farmers have to deal in the matter of soil tillage.

The short course in agriculture, under the supervision of the state university started at the Normal this morning with a good attendance and much enthusiasm manifest.

County Superintendent Oakerson opened the meeting with a short talk, and introduced President Taylor of the Normal, who spoke briefly on the purpose of the course, and assured every one a cordial welcome to the Normal.

Prof. T. R. Douglass of the university spoke.

"The soil of Missouri is our most valuable asset and the basis of all our wealth," said Mr. Douglass. "Our problem then is the study of the soil's fertility and the conservation of its constituents. The way the problem of the depletion of the soil was originally evaded was when you had worn out one farm was to move on to the next place that appealed to you. That time, however, is now a relic of the 'times before the war,' and the modern farmer must make a study of the assets of the soil of his particular locality. The average farmer is now rapidly depleting his land, and the increase in crop production is due to improved seed and improved methods.

"This soil of ours was not made for one generation, but is the heritage of the human race. It should be the purpose of the farmer to be able to leave a farm in as high a state of fertility as he found it. The main solution of this problem is that of crop rotation, and the intelligent use of fertilizers.

"In order to know what to give the soil one must know its makeup thoroughly. The earth was originally rock, which in time was disintegrated by the action of weather. Its color is due to the organic material which is gradually deposited there by decaying plant life. The soil is composed of ten elements, only three of which are of great importance, namely, nitrogen, phosphorous and potassium, of potash.

"The nitrogen causes rank vegetation and large healthy plants, the phosphorous is deposited largely in the head or product of the plant, such as oats, wheat and barley, while the potash is to be found in the straw. Our soil in Nodaway county is rich in nitrogen, approaching nearly the ideal field. Corn draws very heavily on this element. The way to replace it is to give the ground organic matter. Manure, as is commonly thought, does not give this element in sufficient quantities. Weak acids which work on the minerals in the soil are much more effective.

"The territory here is somewhat lacking in phosphorous, containing but little more than half what is considered a perfect land. Bone fertilizer or rock phosphates are the two things commonly used. These things will be discussed in the lectures following.

"Then of the last element our soil is far in excess of the requirements, con-

taining about 50 per cent more than is considered perfect."

At 10 o'clock the class was adjourned to go to Gray's pavilion, where a study was made of the quality and condition of beef cattle, and a discussion of the market classes and grades. There was also scoring practice and comparative judging. This class was conducted by Professors Allison and Simpson.

### The Afternoon Session.

The short course class opened Monday afternoon with a lecture on "Feeding Live Stock," by Mr. Allison. His talk dealt with the composition of foodstuffs and the requirements of animals. About 150 more were in attendance at the opening and more were coming in all the time. From 2 to 4 Mr. Allison and Mr. Simpson conducted a round table which consisted of the discussion of the handling of different fertilizers.

### With the Short Coursers.

Since there are so many enrolled for the course this week it will be necessary to have two classes, so the division will be made, commencing Tuesday morning. All those enrolled whose names commenced with the letters A to L will be in section 1, and those commencing with the letters M to Z will be in section 2. Section 1 will meet at the court house, in the circuit court room, at 9 o'clock Tuesday morning. Section 2 will meet at the Normal building at the same hour. In the afternoon section 1 will meet at the Normal building at 1 o'clock, and the same work given in the morning will be repeated in the afternoon. Section 2 will meet in the afternoon at 1 o'clock in the court house and will get the same work as was given in the morning to section 1.

The four men from the University who are here in charge of the course are R. R. Huddleson and T. R. Douglass of the department of agronomy, and H. O. Allison and S. T. Simpson of the department of animal husbandry. Mr. Douglass is the only one of the four who assisted in the 1912 course here.

The short course students were rather slow in arriving for the opening session Monday morning, and rather a small percentage of the entire enrollment heard the opening address. However, the enthusiasm of those present made up for the absent members.

The agricultural classes of John E. Cameron of the Normal are attending the course. A large number of the students are girls, and one of the fair damsels asked a representative of The Democrat-Forum if he could point out some likely young ruralist who was in line for about 160 acres of Nodaway's best.

In conjunction with the lectures there is a large number of exhibits owned by the university, along the lines that will be presented throughout the course. They have been shown at many other fairs and short courses in the state and have been the means of creating a great deal of interest in all departments of agricultural work.

The cattle that were judged Monday morning at the Gray pavilion were C. D. Bellows' Shorthorn cattle. The pavilion is to be heated during the week so that all may enjoy the work in comfort.

Four other state college professors will be here this week, in addition to the four already here. However they will be here only for a day each.

### MOORE FUNERAL TUESDAY.

The Body Will Arrive in Maryville on Monday Night and Services at 2:30 Tuesday.

The body of John Moore, a former well known resident of the city, who died Friday morning in Pueblo, Col., at the home of his daughter, Mrs. J. M. Woodard, will arrive in Maryville on Monday night. The body was to arrive on Monday noon, but owing to the Pueblo train being late at St. Joseph, the connection was missed. Short funeral services will be held on Tuesday afternoon at 2:30 o'clock in the undertaking rooms of the Maryville Furniture company, burial taking place in Miriam cemetery.

### Had Good Services Sunday.

Sunday was a banner day for the First M. E. church, as both the morning and evening services were well attended. In the morning the pastor of the church, Rev. Gilbert S. Cox, spoke on Abraham Lincoln, and his audience was well pleased with the address. In the evening Rev. Cox preached on "The Story of the Creation of the World," it being the first sermon of a series of four which he is going to give on each Sunday evening for the next four weeks.

## NIGHT PROGRAMS

FOR THE SHORT COURSE WEEK TO BE GIVEN AT COURT HOUSE.

## PROF. KILDEE TONIGHT

H. A. Favor on Tuesday, T. E. Quisenberry on Wednesday, Then the Banquet.

Lectures will be given at the circuit court room on this evening, Tuesday, Wednesday and Thursday evenings during the short course week and will be free to everybody, no ticket being necessary. The evening program will commence at 7:30 o'clock.

For this evening Prof. Kildee of the Iowa state agricultural college of Ames, Ia., will be the speaker, and he will speak on dairying.

On Tuesday evening H. A. Favor, one of the editors of the Fruit Grower and Farmer of St. Joseph, will be the lecturer and will speak on "Pruning and Spraying." He will also have a number of lantern slides.

Then on Wednesday evening T. E. Quisenberry of the state poultry station at Mountain Grove, Mo., will talk on poultry. He will also have a number of lantern slides and his lecture will be illustrated.

On Thursday evening Prof. Whitten of the state agricultural college of Missouri will talk on agriculture.

Friday evening at 6:30 o'clock the annual short course banquet will be given in the basement of the First M. E. church, to be served by the ladies of that church. The number of diners will be limited to 300, as that is all that church will be able to accommodate. Tickets will be on sale Tuesday and the price will be 75 cents. The program for the banquet has not yet been arranged.

### TO BE A PERMANENT AFFAIR.

Plans to Be Made This Week for the One to Be Given Next Year.

The short course week in Maryville is to be made a permanent affair, according to plans that will be made out this week. The one here this week is by far the biggest one yet held and the enrollment for the week is 500. The course is given by the state agricultural college and their very best men are sent here. There are to be eight of the state college professors here, in addition to some other notable lecturers on farm matters.

Arrangements will be made so as to get everyone that is attending the course this week to enroll for the course next year, and also to get his neighbors and friends to do so. The enrollment tickets are to be \$1, and will be sold by Secretary John I. Hoffman of the Commercial club. By having a large number a year ahead of time the short course committee here will be able to make more elaborate plans and to obtain a number of noted lecturers on farm life from over the country. As it is now the course week is not assured until a large enrollment is secured, and as was the case this year and also last year, the enrollment was not secured until the last minute, giving the committee no time to work out a program or other features for the week.

### DEATH OF A 12-YEAR-OLD GIRL.

Daughter of Wm. A. Conklin Died Monday Morning From Effects of a Fall at School.

The 12-year-old daughter of Mr. and Mrs. Wm. A. Conklin, living nine miles south of Maryville, died Monday morning at 10 o'clock from the effects of a fall she received two weeks ago while playing at school. The funeral services will be held Wednesday morning at the Pleasant Grove church. Further announcement in regard to the funeral will be given Tuesday.

### Home on Vacation.

Prof. Raymond Watson, principal of the schools of Bolckow, is spending this week with his parents, Mr. and Mrs. Albert Watson, west of Maryville. The Bolckow schools were granted a vacation this week while the board of education puts in a new heating apparatus.

## DEFEATED BONDS

MONROE TOWNSHIP IN ELECTION SATURDAY CAST VOTE AGAINST.

## THE GOOD ROADS ISSUE

The Total Vote Polled Was 199, 106 Being Against and 90 For the Bonds.

Monroe township, in an election held Saturday, defeated their \$15,000 bond issue for good roads by a big vote, as it requires a two-thirds majority for the issue to carry. The vote was 90 for the issue and 106 against the bonds, 3 votes being counted out. The total vote cast was 199, or about one-half of the total vote of the township.

Several causes given for the defeat of the good roads proposition were that the people didn't understand the purpose of the election, then the taxes to be paid on bonds, and the fact that people thought the roads were pretty good in that township and didn't need \$15,000 to spend for that purpose. Then there was no campaign made for the good roads election.

With the defeat of the good roads proposition in Monroe it is the second township in the county to fail to carry an issue for that purpose. Polk was the first, the issue failing here by a very small vote. But the proposition will be submitted again in this township within the next few months, and it is thought that it will carry this time. Polk township voted on a \$50,000 bond issue.

Union township carried their \$15,000 bond issue for good roads and still remains the only township in the county that have bonded themselves to have good roads. And they are getting good roads. That township, through the county court, has made relations on the state for \$15,000, as the state duplicates the amount that any township gives. The people in Union seem to be well pleased with the results obtained so far, and with \$30,000 they expect to have a system of good roads that can't be beat in this county.

### WAS AN OLD INVOICE.

J. R. Brink Has One That Was Made Out to His Father in 1867 From St. Joseph Firm.

J. R. Brink recently sent to the Wyeth Hardware company of St. Joseph the original invoice of a bill of goods sold by W. M. Wyeth & Co. of St. Joseph, December 25, 1867, to Mr. Brink's father, J. Q. Brink, and Mr. Gardner of Graham. This bill of goods was hauled overland to Graham, there being no railroads leading north of St. Joseph at that time. The invoice consisted of four powder flasks at 92 cents; two pairs of silver ball hammers, \$2.16; six trace chains, \$6.25; one keg 20-penny cut nails, \$6.60; one keg 8-penny nails, \$6.85; one-half gross iron tablespoons, \$2.75; a quantity of wagon nails, ax handles and miscellaneous articles, aggregating \$35.80. Credit is given on the bill for seven wild turkeys at \$1.40 each, and for one wild turkey at 75 cents.

On the same day the Nave-McCord Mercantile company sold to the same firm a quantity of groceries and miscellaneous articles, such as was carried in those days. On this invoice there is credit given for some venison meat, some deer, mink and beaver skins. About four days were consumed in making a trip from Graham to St. Joseph and return in purchasing stocks of goods. A government stamp of the 2-cent denomination is affixed to each invoice.

### Returned to Camden Point.

Mr. and Mrs. T. M. Baughman of Camden Point, Mo., who have been guests of Mrs. Frank T. Hall and family, living west of Maryville, returned home Monday morning. Mrs. Baughman had been a guest at her daughter's home for several weeks, and Mr. Baughman came Saturday to accompany her home.

### Banquet is Postponed.

The dinner of the Methodist Brotherhood to have been given Tuesday evening at the First Methodist church has been postponed until next Tuesday evening, February 18, when it will be given at 6:30 o'clock. The dinner was postponed on account of the short course week.

## CONSERVATORY RECITAL COURSE

A Feast of Music Presented by Director Landon to the People of Our City—Season Tickets \$1.00.

Director P. O. Landon announced on Monday the dates for the Conservatory recital course he has been preparing for some time, but had been unable until now to secure dates from the artists he has been trying to secure. The course will be superior to any he has yet presented.

The first number will be a piano recital on Friday night, February 21, by Mr. Van Katwijk, the noted Hollander, who has been playing with such great success throughout Europe, and was distinguished as a teacher in a Russian conservatory. Mr. Van Katwijk will appear Friday night of this week in Baltimore.

The second number will be a violin and piano recital Thursday night, March 13, by Mr. Wort S. Morse of Kansas City, who needs no introduction to the people of Maryville. Mr. Morse is in charge of the music department of the Kansas state university at Lawrence, and is growing more and more in favor with the best musicians of the country. Mr. Morse will be accompanied by Mr. Landon on his appearance here.

The third number, on Friday night, April 11, will be a song recital by the noted contralto, Mrs. Ella Van Huff of Kansas City, who has appeared before Maryville audiences on several occasions, and with growing favor. Mrs. Huff will be assisted by Miss Marie Jones of Maryville, who is studying with her now. Miss Jones will play Mrs. Huff's accompaniments and they will sing two or three duets.

The season tickets for this musical feast are \$1 each, while the single tickets will be 50 cents each.

Mr. Landon is not expecting to make more than expenses in this course. If the artists on their course are well received he will next year secure a course of singers and musicians of international reputation.

### DEATH AT ELMO.

Mrs. Mary Castillo, Living Southwest of Elmo, Died Sunday Morning.

One of the oldest residents of the Elmo vicinity, Mrs. Mary Castillo, died at 3:30 o'clock Sunday morning, after a few hours' illness, brought on by a light stroke of paralysis. Mrs. Castillo was 83 years old the Sunday previous to her death. She had been in delicate health for quite a number of years from a paralytic affection, and the light stroke of Saturday night was more than her weakened constitution could withstand, and her death came suddenly Sunday morning.

The funeral services will be held Tuesday morning at 11 o'clock at the North Grove M. E. church, South. Burial will take place in the Six Corners cemetery, where several generations of the deceased family lie buried.

Mrs. Castillo's maiden name was Mary Severs and she was the daughter of John Severs, a pioneer of Nodaway county. She was born in Tennessee on February 2, 1830. In her girlhood she moved with her father's family from Tennessee to Nodaway county, making the trip in a wagon train with many other families from that country who were coming to Northwest Missouri to locate. Mr. Severs settled near the Nodaway river, in the vicinity of Elmo, and from that time Mrs. Castillo lived her life within a distance of ten miles from where her father settled.

Mary Severs was married fifty-two years ago to Isaac N. Castillo of Maryville, who died eleven years ago. Mrs. Castillo was a brother of the late Mrs. T. W. Gaunt of Maryville. Mrs. Castillo reared ten children, five step-children and five children of her own, all of whom are living. The step-children are Mrs. Mary J. Daun of Burden, Kan.; John T. Castillo of Stevensville, Mont.; J. A. Castillo of Seattle, Wash.; Mrs. Alice Nelson and Amos G. Castillo of Elmo. Her own children surviving are H. M., M. A. and Ben Castillo and Mrs. R. G. Smith of Elmo, and N. B. Castillo of Blanchard, Ia.

Mrs. Castillo is also survived by a brother and a sister, Mrs. N. B. Lamar of Maryville and Hugh M. Severs of Elmo.

### Left for Florida.

Mrs. Laura Beal, Miss Allie Beal and Miss Bertha Beal left Monday evening for Miami, Fla., for their annual visit at this delightful winter resort. They expect to remain until the middle of April.

Mrs. Antoinette Craig-Matthews left Monday morning for her new home in Liberty, Mo., stopping in Kansas City for a few days' visit with her brother, Harvey Craig.

Mrs. Maurice McQuinn of Clyde was in the city Monday.

## TO BE IN APRIL

SECOND COMMUNITY LIFE CONFERENCE AT MARYVILLE THEN.

## AUSPICES OF NORMAL

T. B. Slawson of Rea, Mo., and State Highway Engineer Gearhart of Kansas Will Speak.

In co-operation with the Nodaway short course in agriculture, the second community life conference will be held in Maryville some time in April.

The conference, which is held under the auspices of the Normal, takes up the questions of rural consolidation, the country church and other problems of rural life.

In connection with the department of agriculture the Normal will put out a bulletin early in the spring dealing with these rural questions. The bulletin will contain descriptions of sections of road made in the county.

Mr. T. B. Slawson of Rea, Mo., who has acquired quite a reputation as an authority on road building, will come here during the conference for an address. Mr. Slawson will likely be in attendance at the local short course.

Another speaker for the April conference will be W. S. Gearhart, state highway engineer of Kansas.

### DEATH OF MRS. GRACE MELICK.

Passed Away at Her Home in Hopkins at Noon, After a Year's Illness.

Mrs. Grace Applegate Melick died at her home in Hopkins on Monday at noon, after a year's illness of tuberculosis. The funeral services will be held Tuesday afternoon, to be conducted by Rev. Griffith of the Baptist church of Hopkins, burial taking place at that town.

Mrs. Melick was born south of Hopkins twenty-three years ago last July and had always resided in that community. She was the daughter of Mr. and Mrs. George Applegate. She was married six years ago to Jess Melick of Hopkins. She is survived by her parents, her husband and two children, aged 5 and 2.

### REV. MOTHER JOHN HURT.

Thrown From a Buggy Saturday Evening and Suffered Fracture of Right Arm at Shoulder Joint.

The Rev. Mother John of St. Benedictine convent of Clyde, met with a serious accident Saturday evening about 5:30 o'clock. The accident occurred as she was returning from an inspection trip to the orphanage at Conception. Rev. Fr. Luke of the convent was driving in a buggy with her, and as they entered the driveway to the convent grounds one wheel of the buggy struck a stone in the road and came off. The horse, although gentle, became frightened and started to run, overturning the buggy and throwing both occupants out. Rev. Fr. Luke escaped with a few bruises.

Dr. Stuckle of Clyde was summoned and found Mother John's injuries very serious and summoned Dr. C. V. Martin of Maryville to his assistance. The large bone of the right arm was fractured at the joint, and she was badly frightened and bruised all over her body. She was resting somewhat easy Monday afternoon, but is in great pain. Dr. Martin will go to Clyde Monday evening to visit his patient.

A BUSY DAY AT THE CAPITAL.

Mrs. Anderson Craig Tells of Social Duties and Pleasures.

The Democrat-Forum is pleased to present today the first chapter of "Social News From the State Capital," from Mrs. Anderson Craig of this city, wife of Senator Anderson Craig, which will be given by her occasionally, according to a request made of Mrs. Craig by the society reporter for this paper. Mrs. Craig's first letter is entitled "A Busy Day," and reads:

You have asked me to write you of some of the social news of the capital, and I will try to comply. But really, there has been very little gaiety compared with two years ago. Since the inauguration there have been a few card parties, kennings, afternoon teas and some smaller affairs, but they promise us a lively February. The United Daughters of the Confederacy organization is to have a big function February 14, and the Daughters of the American Revolution will celebrate the 22d of February. Other big affairs are talked of in the near future. In the meantime we are far from idle.

It seems that our youth and beauty have made for us many friends, and I am thoroughly enjoying my winter of rest and recreation, while Mr. Craig seems equally well satisfied with the hard work with which he has, as usual, loaded himself.

Last Friday Mrs. Evans, wife of the state superintendent of public schools, invited a number of the wives of the appropriations committee, ten in all, to accompany her on a visit to Lincoln Institute, including a tour of inspection and a midday lunch on. At about 8:30 o'clock two taxicabs, filled with grace and dignity arrived at the summit of a young and breezy mountain, the goal of our anticipations, and entered the building.

We were immediately ushered to the rostrum, where, as guests of honor, we were ready to inspect and be inspected. On our right sat the president of the school. Almost immediately a number of men filed in from our left, whom, without looking around, we supposed to be the rest of the faculty.

After a short preliminary program, Mrs. Swearingin wife of the chairman of the committee, was called upon for a short speech, to which she graciously responded, and—then—she—called—upon—me. And although we both had emphatically declared we would not, could not, should not ("whatever a woman says she won't, she's always sure of doing"), and I, feeling I was a stranger in a strange land, with no one to molest me or make me afraid, responded with my maiden speech to that great sea of colored intelligence confronting me.

Mrs. Evans then gave them a pleasant talk—and then—imagine my surprise and consternation, when my supposed faculty being called out, then stepped to the front before my astonished gaze President W. A. Blagg and W. G. Hine of the Northwest Normal regents, and President H. K. Taylor of the Normal, and delivered each a separate oration upon the congregated colored questions before us.

After the chapel exercises we were taken through all the departments of both intellectual and manual labor, cabinet making, steel workers, shoemakers, milliners, dressmaking, cooking and carpenters. Then we were invited into the company dining room, where a most elegant six-course luncheon was served by the junior class in domestic science. Hand-painted menu booklets were at each plate, and everything, from the grape fruit cocktail through the turkey and salad courses to the peach ice cream and mint drops, were most appetizing and perfectly served.

We reached home just in time to prepare for Mrs. John P. Gordon's elegant reception, which was a most enjoyable affair. The wives of the new administration assisted the hostess. The hall was banked with varied foliage plants and the dining room was like a dream of spring-time with its many colored spring blossoms and its dainty, flower-like maidens gracefully serving the guests. And there, among them, stood Miss Georgia Condon of Maryville, "the fairest flower among them all," and she looked good to me.

From Mrs. Gordon's we went to the home of Mrs. Grimshaw, where the Episcopal ladies were serving a delightful tea. A bouquet of the most beautiful La France roses in a large cut glass vase upon an elegant centerpiece of lace adorned the dining room and dainty refreshments were served.

As the dinner hour was fast approaching we hastened home, but, strange to say, we had little appetite. There were many others, but Mrs. McClintic, wife of the senator from Monroe City, was my companion on the round of pleasure, and we enjoyed it all thoroughly. A small company coming in in the evening to sit until bedtime finished up one of the fullest days I have spent in Jefferson City.

Mrs. A. Lutz of Pickering spent Friday and Saturday in Maryville the guest of Mrs. J. D. Nelson.

Mrs. J. A. Abbott and daughter, Miss Audrey Abbott of Lenox, Iowa, were in the city Monday.

The P. E. O. chapter resumed their study of grand opera Saturday afternoon when Miss Mary Evans was hostess. "Faust" was the topic for the afternoon, Mrs. W. A. Miller and Mrs. J. D. Richey reading papers on the life of the composer, Gounod, and the story of the opera. The program closed with five selections from "Faust" on the victrola. Mrs. J. C. Allender and Miss Carrie Hopkins will be hostesses to the chapter at its next meeting, February 22, at the home of Mrs. Allender.

Entertained S. S. Class.

Miss Ruth Matter entertained her Sunday school class of the First M. E. church Saturday afternoon with a valentine party. The afternoon was spent in playing games and making valentines, when the hostess served a luncheon. There were two other guests, Virginia Curnutt and Merl Ford, besides the members of the class, who are Justine Fraser, Ruth Miller, Odette Wilderman, Mamie Borchert, May Kissinger, Edith Grundy, Mary Ruth Curfman, Annette Stiwalt, Mabel Garrett, Mary Curnutt, Norma Martin.

Missionary Meeting Friday.

The Woman's Missionary society of the First Baptist church met Friday afternoon at the home of Mrs. H. A. Byers. Mrs. J. M. Ringgold, the vice president, presided. The Bible study, led by Mrs. Flora Quinn, was on the subject "The Reward of Trust," based on the 125th and 126th Psalms. Mrs. Louisa Jones led the prayer. The lesson study was on "Women of the East." Mrs. H. L. Raines and Mrs. Lewis White presenting the study interchangeably on "Women in the East One Hundred Years Ago," "Women in the East Today," in a very interesting manner. Roll call was responded to with news from the world-wide field.

Westfall—Hagan.

Miss Ruth Westfall, youngest daughter of Judge and Mrs. R. P. Westfall, and Mr. Elba L. Hagan, of Barnard, were married at the family home, in Barnard on Sunday afternoon, Rev. DeWitt of the M. E. church, South, performing the ceremony. The bride wore a pretty gown of white silk crepe-de-chine, with cluny lace trimming and carried a bouquet of white roses. After the ceremony and congratulations, dinner was served by the bride's mother. The guests included Mr. and Mrs. R. J. Hagan, Mr. and Mrs. R. F. Westfall, Mr. S. H. Rasco, Mr. and Mrs. Robert Carver and daughter, Eleanor, Mr. and Mrs. Worth Smith, Mr. and Mrs. E. R. Nelson and family, Paul Hagan, Cleopatra Wood

## NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapiesin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapiesin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## NURSES TESTIFY IN HYDE TRIAL

Attorneys for Defense Attack  
Memory of Mrs. Roy.

### MRS. BAUMAN AGAIN ON STAND

Story of Events Leading Up to Death of Chrisman Swope Is Told—Describes Convulsions as Similar to Those of Colonel Swope.

Kansas City, Feb. 10.—Mrs. Ann Bauman took the stand again when the trial of Dr. B. Clarke Hyde for the murder of Colonel Thomas H. Swope was resumed today. She testified that she went to the Swope household as a nurse Dec. 4, 1909, about two months after the death of Colonel Swope, and found Chrisman and Margaret Swope and Miss Nora Dixon ill with typhoid.

Over repeated objections by the defense, Mrs. Bauman was allowed to tell her story of the events leading up to and including the death of Chrisman. It was this testimony in the first trial that the supreme court ruled out in remanding the case for new trial.

Mrs. Bauman testified that Dr. Hyde instructed the nurses to take sixteen hour shifts alternately with the patients. By doing this, she said, no one would have complete knowledge of any one case.

In telling of the death of Chrisman she said that Dr. Hyde instructed her to give the patient a capsule and that twenty minutes after he had swallowed it Chrisman was taken with convulsions.

She described the convulsions as similar to those of Colonel Swope.

Attempts by the defense's attorneys to prove inaccurate the memory of the nurse, Mrs. Pearl Keller Roy were made.

### DR. FREIDMANN IS COMING

Cables Will Take Case of Son-in-Law of New York Banker.

Kansas City, Feb. 10.—Charles E. Finlay, the New York banker, received the following cablegram\* from Dr. F. F. Friedmann, the German scientist who claims to have discovered a successful cure for tuberculosis.

"I will take the case of your son-in-law. Sail on the Kron Princess Cecile Frederick."

Mr. Finlay, who came here to visit his brother, James Finlay, said he had made arrangements for the test to be given the Friedmann serum. He affirmed that he would give the German scientist \$1,000,000 if he effected a cure of the banker's son-in-law and 100 other sufferers.

Mr. Finlay said the test would take place at the Polytechnic sanitarium in New York.

### SECOND NEGRO IS BURNED

Mississippi Mob Burns Man for Killing Woman.

Houston, Miss., Feb. 10.—Dwight Rucker, a negro, thirty years old, was lynched here in the presence of a crowd estimated at 1,000 persons, after he had confessed to the murder of a white woman. The sheriff and his posse, guarded by armed members of the mob, looked on while the negro was chained to an iron pump in the court house yard, oil-soaked wood piled about him, and set on fire. Four bullets from the revolver of a member of the mob hastened the negro's death. His was the second lynching growing out of the killing of Mrs. J. C. Williams.

### Young Man Admits Killing His Father.

Chillicothe, Mo., Feb. 10.—Confronted by bloody finger prints, identified as his own, Lee Hoyt, twenty-one years old, admitted the murder of his father, Edward Hoyt, a wealthy cattleman, in November, 1911, according to County Prosecutor E. L. Marshall. The elder Hoyt's head was crushed with a mattock. The boy said his father had been too severe with him. The son reported finding his father's body in a barn on the Hoyt farm. It was believed he had been slain by robbers. Detectives finally discovered faint finger prints in blood on an iron tank in the barn and these prints were identified as those of Lee Hoyt.

### Loses Life in Saving Baby.

Milwaukee, Feb. 10.—Realizing she could not escape the wheels of an on-rushing automobile which was approaching her, Mrs. Harry C. Langemo, twenty-four years old, threw her eight-month-old baby to the curb of a downtown street and was herself fatally crushed beneath the machine. The driver was arrested.

### Youth Slays Three Negroes.

Evansville, Ind., Feb. 10.—Allen Von Behren, assistant superintendent of a woodworking plant owned by his father, shot and killed three negro laborers. He had had trouble with them earlier, and said they threatened to kill him. The dead are: Walter Washington, John and Henry Gordon. Von Behren was arrested.

### Iowa Tied for First in Rifle Shoot.

## NINE INDICTMENTS WILL BE RETURNED

Grand Jury Ready to Report in  
Police Inquiry.

New York, Feb. 10.—Nine indictments, and possibly ten, it was learned, are expected to be returned by the grand jury today in the police graft investigation. Two of these indictments will be against members of the police department, one of whom is said to be an inspector. A lawyer, whose name has been prominently mentioned in connection with the graft investigation, is a third man whose indictment is expected. The connection of the others with the graft revelations in the detailed confessions of Patrolman Eugene Fox and Captain Thomas Walsh could not be learned.

The physician attending Captain Walsh reported that his patient would be able to go to the district attorney's office, where other witnesses also have been summoned.

### ROBBERS USE A DUMMY SAFE

Cardboard Model Was to Be Substituted for Real Article, but Plan Fails.

New York, Feb. 10.—A safe of painted cardboard, reproduction of a real safe they planned to rifle, was prepared by burglars who broke into a First avenue saloon.

The real safe stood beneath an electric light kept burning all night and in full view from the street. The artists who conceived the plan intended to substitute the cardboard strong box for the steel one and then to blow the real safe unharmed in a dark corner of the saloon.

Something frightened them away before they accomplished their purpose, for the proprietor found that after breaking in the thieves had fled, leaving their dummy safe behind them.

### AUTO RUNS INTO CANDY SHOP

Woman's Runabout Crashes Through Sidewalk Crowds in Chicago.

Chicago, Feb. 10.—Three persons were injured when an electric runabout containing Mrs. Jessie Orton and three women friends swerved, went up over the sidewalk and crashed into the front of a candy store in the Congress hotel.

Occupants of the machine escaped without injury, but Mr. and Mrs. Frank Warren, who were passing, were crushed between the machine and the building, and George Ricks was knocked aside and cut and bruised.

### Girl Worth \$25 to White Slave Gang.

New York, Feb. 10.—The existence of a white slave gang that sells girls for \$25 or \$30 each to owners or keepers of resorts in Chicago was described to Judge Maud, in the federal court, by Assistant United States District Attorney Walker, who moved for heavy sentences for Frank Filasto, a wine merchant, and Joseph Robuffo of Paterson, N. J., convicted of forcing a young woman to enter a resort in Paterson. Sentences were deferred pending a decision on motions for a new trial.

### Friendly Feelings Exhibited by Russia.

St. Petersburg, Feb. 10.—The government has indicated an optimistic attitude with regard to developments in Russo-American relations by introducing a bill in the duma establishing consulates at Nome, Sitka, Seattle, Honolulu and Pittsburgh, and increasing the staffs at Chicago and New York.

### Bank President Found Guilty.

Boise, Ida., Feb. 10.—Edward Payne, former president of the defunct Bo's State bank, was found guilty of having made false reports to the state banking department by a jury here. Payne, a son, jointly indicted with his father, was acquitted.

## BULAIR CENTER OF FIGHTING

Allies' Plan to Capture Gallipoli  
Peninsula Arouses Turks.

### ENVER BEY'S PROJECT SHOWN

Mysterious Move of Turkish Leader Was Attempt to Effect Landing Southeast of Dorosto and Thwart Advancing Bulgarians.

London, Feb. 10.—Some light is beginning to be shed by the brief official dispatches which contain all the available news upon military tactics in the Balkan campaign.

Reports of attempts on the part of the Turks to land troops along the coasts of the Black sea and the Sea of Marmora, which heretofore were only learned from unofficial sources, now are officially admitted, and it looks as though Enver Bey's mysterious and desperate move, of which there have been some rumors, was an attempt to effect a landing at Charkeul, with the intention of relieving the pressure of the Bulgarian attack on the Bulair lines.

This movement of the Bulgarians, according to an uncensored dispatch from Constantinople, is causing serious anxiety at the Turkish war office. It is known that the allies are advancing in strength against Bulair and the Constantinople dispatch adds that the Greek fleet has appeared in the Gulf of Saros, where Servian troops also are reported to have landed to assist the Bulgarians.

It now seems clear that the allies have abandoned the attempt to force the Tchataia lines in favor of an attempt to capture the Gallipoli peninsula, so as to open the way by sea to Constantinople.

According to Turkish reports Turkish reconnaissances have reached Tcherekseul and Tchorn, which would indicate that the Bulgarians, who, a few days ago, were reported to have moved their headquarters to Tcherekseul, are moving their lines still farther to the west.

Apparently heavy fighting is progressing near Scutari and the bombardment of Adrianople still is in progress.

### Protest Against Outrages.

Constantinople, Feb. 10.—Representatives of the Society of Elevation of Women, and of the Red Cross have sent a letter to the sovereigns of Europe calling attention to "those shameless hordes which are endeavoring to disguise under the shadow of the cross the most ghastly series of assassinations and outrages ever witnessed in a war in Europe in modern times."

### Turks Driven Back at Bulair.

Sofia, Feb. 10.—An official statement says the Turks took the offensive against the Bulgarians before Bulair in the Gallipoli peninsula. After a fierce engagement, lasting several hours, the Bulgarians repulsed the Turks, pursuing them to the Bulair forts. Many wounded were left on the field.

### JOHN GRASS GETS A CHANCE

Great Sioux Orator to Address New York Audience.

Washington, Feb. 10.—Arrangements have been completed by the Indian bureau for the participation of Indians representing all tribes in the country in the ceremonies incident to the beginning of the construction of a memorial to the American Indian to be placed in New York harbor by John Wanamaker, former postmaster general. The ceremonies are to take place Feb. 22, Washington's birthday. Indians from South Dakota and other northwestern states will form the larger part of the representation from the descendants of the original inhabitants of the North American continent.

John Grass, a Sioux from the Standing Rock reservation, will be the orator for the Indians. Hollow Horn Bear, a Rosebud Sioux, whose portrait is printed on one of the bills put out by the treasury department, will also be a member of the delegation. All the representatives of the red men will be fullbloods.

### APPROVES U. P.-S. P. SPLIT

Attorney General Wickersham Agrees to Plan to Dissolve Merger.

Washington, Feb. 10.—Attorney General Wickersham announced that he had reached an agreement with the representatives of the Union Pacific and Southern Pacific railroads for the dissolution of the Harriman merger, as decreed by the supreme court.

The Union Pacific agrees to sell its 1,266,500 shares of Southern Pacific stock to its own stockholders and those of the Southern Pacific in what the government regards as safe proportion. The Union Pacific will acquire the Central Pacific from the Southern Pacific, giving it an extension from Ogden to the Pacific coast.

### American Is Shot; Held by Mexicans.

San Diego, Cal., Feb. 10.—Roy E. Rankin, a Los Angeles insurance agent, was shot and seriously wounded at Tia Juana, Lower California, by an unidentified assailant. The Mexican authorities refused requests of his physician that he be brought to San Diego, but said they would telegraph to Ensenada for permission to let him go.

## HEARTS and Flowers

### The Most Effective Valentine

Beautiful, blooming flowers are far more in keeping with the tender sentiments of St. Valentine's Day than any expression in any other form. Nothing expresses the spirit of the day so perfectly, nothing you can send your sweetheart or wife which will convey tenderness, love and affection so well, for "Flowers are lovely, love is flowerlike." Of all the missives she receives throughout the day none will win her favor so much as Flowers from Engelmann's. We offer an especially nice selection of fresh cut violets, sweet peas, lily of the valley, roses, carnations, etc., and beautiful potted plants, all very attractively arranged for St. Valentine's Day at very reasonable prices. Mail orders promptly attended to.

## BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies  
the Hair. Cures Dandruff,  
Stops Falling Hair.

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. Agent Kock Pharmacy.

### AFTER SICKNESS.

#### How to Recover Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation (without oil). It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy robust condition.

Mrs. Alice Mill of Newton, N. C., says: "I had a very severe attack of grippe which confined me to my bed for several weeks. After I was able to sit up I felt weak tired and worn out for a long time. A friend advised me to try Vinol, and before I had taken one bottle I was entirely relieved of that tired, worn out feeling which usually follows grippe, and I had regained my strength and felt well again."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

#### Here From Wyoming.

Miss Gladys Collins of Golden Prairie, Wyo., is visiting this week with her sister, Miss Rose Collins of the Hopkins public schools. Miss Collins is teaching in the vicinity of Golden Prairie and is here for a month's vacation. She and her sister, Miss Effie Collins and her brother, Lee Collins, went to Wyoming about a year ago, and are improving government land which Miss Effie preempted.

#### Opened a Decorating Store.

E. J. Thornton has leased the store room vacated by Paul Cook's bazaar on West Third street, and is putting it in fine shape to install a house decorating stock. He will carry the finest of wall papers, burlaps, cretonnes, mouldings, plate rails, etc. He will carry on this business in connection with his contracting work for painting and decorating work.

#### Spent Sunday in Hopkins.

Dr. Jesse Miller and family went to Hopkins Sunday in their new Jackson automobile and spent the day with his brother, Dr. Ed Miller and family.

#### Guests From Excelsior Springs.

Mr. and Mrs. Joseph Lamar of Excelsior Springs, Mo., arrived in the city Monday on a visit to Mrs. Virgil W. Keene and other relatives here.

#### Returned to Pattensburg.

#### On Visit to Parents.

Mrs. Carl Wyckoff of Kansas City is in the city the guest of her parents, Mr. and Mrs. George Custer.

Miss Anna McGuire of Pickering went to Ravenwood Friday to visit Miss Blanche Lewis.

#### MAN GETS A NEW STOMACH.

After Trying to Enjoy Life for Years With No Good Stomach He Gets Well.

"I was bothered for years with stomach trouble and gastritis. Food laid like lead in my stomach and fermented, forming gas. This caused a pressure on my heart, so that I choked and gasped for breath. I thought my time had come. MI-O-NA cured me after I had doctored without success."—Wm. V. Matthews, Bloomington, Ind.

Call it Gastritis Catarrh of the Stomach, Indigestion or Dyspepsia; it matters not. MI-O-NA Stomach Tablets will drive out all the misery and give you practically a new, clean, willing-to-work stomach or Orear-Henry Drug Co. will refund the price.

That's honorable, isn't it? So if you want to get rid of your sour, gassy, heavy, stupid, irresponsible stomach get a 50-cent box today.—Advertisement.

## TROOPS REVOLT IN MEXICO CITY

Soldiers Release Felix Diaz and Besiege National Palace.

GENERAL REYES IS KILLED.

Four Encounters on Streets of Mexican Capital—Many Spectators Among 200 Victims of Bullets—Madero Fortified in Palace.

Mexico City, Feb. 10.—President Francisco Madero, with his ministers and a strong detachment of loyal troops, is fortified in the national palace, while General Felix Diaz, with a large majority of the regulars behind him, has practical control of the capital.

In several bloody encounters the president and his supporters succeeded in defending themselves against the rebels, and notwithstanding the fact that the troops in large numbers are in a state of revolt, which carried all before them, there was an appearance of genuine optimism at the palace among Madero and his ministers.

To all parts of the republic, Madero telegraphed reassuring news, which he and his cabinet seemed to believe. The state governors and military commanders were assured of the loyalty of the army and that tranquillity had been restored.

#### Diaz Fighting for Life.

Those who have observed affairs closely point out that General Diaz, who escaped being shot summarily following the failure of the Vera Cruz revolt, now can expect no clemency, but must fight to the death.

There is no question that Diaz is straining every fiber to depose Ma-

GENERAL REYES.

dero, and with the large forces at his command, both within the city and outside, it is not likely that the present revolt and the rising within the capital will be suppressed easily.

General Diaz, who is a nephew of the deposed president, Porfirio Diaz, now is at the head of a majority of the capital troops, including most of the artillery, and is in possession of the arsenal of the city and the powder works near by.

Madero is relying on the loyalty of General Blanquet, who has been summoned from Toluca, forty miles distant, but Blanquet has only 1,000 men under his command and the rebels are confident of defeating him should he refuse to join the revolt.

#### Four Engagements Fought.

The day was marked by four separate engagements, the most sanguinary of which took place in front of the national palace. But the most important was that which terminated in the formal surrender of the troops in the artillery barracks.

It is believed that not less than 200 persons were killed in the fighting. Among the number was General Bernardo Reyes, a strong adherent of Porfirio Diaz and ex-secretary of war.

The mutinous troops were led by students of the military school at Tlalpam. They marched to the prison to which General Felix Diaz had been transferred for safe keeping and released him. General Bernardo Reyes was also freed from Santiago military prison, there being no resistance in either quarter.

To the army of mutineers quickly came portions of the First cavalry, Twenty-fourth cavalry and Twentieth Infantry. General Mondragon was in command, but gave way to Diaz and Reyes.

The first encounter with loyal troops occurred in front of the national palace and General Reyes, whose long record as an army officer was broken little more than a year ago, by a farcical revolt, was killed instantly by a bullet through the head.

Many fell in this engagement and among the scores of bodies which strewed the street were those of minor officers, women and boys of the lower classes.

At the first call to arms President Madero took command of a force of 1,000, consisting of mounted police, cadets and volunteers. He appeared at the head of this force a mile from the national palace, riding a big gray horse. By his side rode General Huerta.

Several blocks from the palace, one of Madero's aides attempted to dissuade the president, and placing his hand on the horse's bridle, half turned the animal from the line. Madero protested vigorously and continued to lead the advance until the shooting began, when General Huerta succeeded in persuading him to enter a building in a side street.

#### Short Course for Women Grows.

Fourteen counties of Missouri are represented in the short course for women which is now holding its second session at Columbia. Lewis and Newton counties each have three students, while Andrew, Lincoln and Boone counties have two students each. The remaining nine students represent as many different counties of Missouri.

This is a seven weeks course, beginning with the opening of the university after the Christmas holidays, and continuing until February 21. It started last winter with an enrollment of fourteen. The 50 per cent increase in the second winter following its establishment indicates the popularity which will be accorded it after it has become well established and the people of Missouri have come to recognize that a bright girl is entitled to the same chance which is now freely accorded her brother.

## SHORT COURSE ON

OPENED MONDAY MORNING AT NORMAL WITH GOOD ATTENDANCE

## WILL BE TWO CLASSES

As Enrollment is Too Large For One Class—Prof. Douglass Made the Opening Talk.

### Tonight's Program.

7:30 p. m.—Lecture: Dairying—Professor Kildee of Iowa state agricultural college of Ames, Ia., at court house.

### Tomorrow's Program.

9-10 a. m.—Lecture: Tillage and Cultural Methods—Mr. Douglass. This lecture will have to do with such matters as the proper methods of plowing and cultivating with special reference to the maintenance of a proper soil tilth and conservation of moisture.

10-12 a. m.—Demonstration: Judging Swine—Mr. Allison and Mr. Simpson. A study of the type of hog which is profitable to the packer, feeder and breeder; comparative judging; a study of breeds.

1-2 p. m.—Lecture: Fattening Cattle for Market—Mr. Allison. Some elementary considerations concerning the fattening of cattle, cost of production, margins and rationing discussed.

2-4 p. m.—Demonstration: Round Table—Mr. Douglass and Mr. Heim. This period will be given to an open discussion of the various problems with which farmers have to deal in the matter of soil tillage.

The short course in agriculture, under the supervision of the state university started at the Normal this morning with a good attendance and much enthusiasm manifest.

County Superintendent Oakerson opened the meeting with a short talk, and introduced President Taylor of the Normal, who spoke briefly on the purpose of the course, and assured every one a cordial welcome to the Normal.

Prof. T. R. Douglass of the university spoke.

"The soil of Missouri is our most valuable asset and the basis of all our wealth," said Mr. Douglass. "Our problem then is the study of the soil's fertility and the conservation of its constituents. The way the problem of the depletion of the soil was originally evaded was when you had worn out one farm was to move on to the next place that appealed to you. That time, however, is now a relic of the 'times before the war,' and the modern farmer must make a study of the assets of the soil of his particular locality. The average farmer is now rapidly depleting his land, and the increase in crop production is due to improved seed and improved methods.

"This soil of ours was not made for one generation, but is the heritage of the human race. It should be the purpose of the farmer to be able to leave a farm in as high a state of fertility as he found it. The main solution of this problem is that of crop rotation, and the intelligent use of fertilizers.

"In order to know what to give the soil one must know its makeup thoroughly. The earth was originally rock, which in time was disintegrated by the action of weather. Its color is due to the organic material which is gradually deposited there by decaying plant life. The soil is composed of ten elements, only three of which are of great importance, namely, nitrogen, phosphorous and potassium of potash.

"The nitrogen causes rank vegetation and large healthy plants, the phosphorous is deposited largely in the head or product of the plant, such as oats, wheat and barley, while the potash is to be found in the straw. Our soil in Nodaway county is rich in nitrogen, approaching nearly the ideal field. Corn draws very heavily on this element. The way to replace it is to give the ground organic matter. Manure, as is commonly thought, does not give this element in sufficient quantities. Weak acids which work on the minerals in the soil are much more effective.

"The territory here is somewhat lacking in phosphorous, containing but little more than half what is considered a perfect land. Bone fertilizer or rock phosphates are the two things commonly used. These things will be discussed in the lectures following.

"Then of the last element our soil is far in excess of the requirements, con-

taining about 50 per cent more than is considered perfect."

At 10 o'clock the class was adjourned to go to Gray's pavilion, where a study was made of the quality and condition of beef cattle, and a discussion of the market classes and grades. There was also scoring practice and comparative judging. This class was conducted by Professors Allison and Simpson.

### The Afternoon Session.

The short course class opened Monday afternoon with a lecture on "Feeding Live Stock," by Mr. Allison. His talk dealt with the composition of foodstuffs and the requirements of animals. About 150 more were in attendance at the opening and more were coming in all the time. From 2 to 4 Mr. Allison and Mr. Simpson conducted a round table which consisted of the discussion of the handling of different fertilizers.

### With the Short Course.

Since there are so many enrolled for the course this week it will be necessary to have two classes, so the division will be made, commencing Tuesday morning. All those enrolled whose names commenced with the letters A to L will be in section 1, and those commencing with the letters M to Z will be in section 2. Section 1 will meet at the court house, in the circuit court room, at 9 o'clock Tuesday morning. Section 2 will meet at the Normal building at the same hour. In the afternoon section 1 will meet at the Normal building at 1 o'clock, and the same work given in the morning will be repeated in the afternoon. Section 2 will meet in the afternoon at 1 o'clock in the court house and will get the same work as was given in the morning to section 1.

The four men from the University who are here in charge of the course are R. R. Huddleson and T. R. Douglass of the department of agronomy, and H. O. Allison and S. T. Simpson of the department of animal husbandry. Mr. Douglass is the only one of the four who assisted in the 1912 course here.

The short course students were rather slow in arriving for the opening session Monday morning, and rather a small percentage of the entire enrollment heard the opening address. However, the enthusiasm of those present made up for the absent members.

The agricultural classes of John E. Cameron of the Normal are attending the course. A large number of the students are girls, and one of the fair damsels asked a representative of The Democrat-Forum if he could point out some likely young ruralist who was in line for about 150 acres of Nodaway's best.

In conjunction with the lectures there is a large number of exhibits owned by the university, along the lines that will be presented through out the course. They have been shown at many other fairs and short courses in the state and have been the means of creating a great deal of interest in all departments of agricultural work.

The cattle that were judged Monday morning at the Gray pavilion were C. D. Bellows' Shorthorn cattle. The pavilion is to be heated during the week so that all may enjoy the work in comfort.

Four other state college professors will be here this week, in addition to the four already here. However they will be here only for a day each.

### MOORE FUNERAL TUESDAY.

The Body Will Arrive in Maryville on Monday Night and Services at 2:30 Tuesday.

The body of John Moore, a former well known resident of the city, who died Friday morning in Pueblo, Col., at the home of his daughter, Mrs. J. M. Woodard, will arrive in Maryville on Monday night. The body was to arrive on Monday noon, but owing to the Pueblo train being late at St. Joseph, the connection was missed. Short funeral services will be held on Tuesday afternoon at 2:30 o'clock in the undertaking rooms of the Maryville Furniture company, burial taking place in Miriam cemetery.

### Had Good Services Sunday.

Sunday was a banner day for the First M. E. church, as both the morning and evening services were well attended. In the morning the pastor of the church, Rev. Gilbert S. Cox, spoke on Abraham Lincoln, and his audience was well pleased with the address. In the evening Rev. Cox preached on "The Story of the Creation of the World," it being the first sermon of a series of four which he is going to give on each Sunday evening for the next four weeks.

## NIGHT PROGRAMS DEFEATED BONDS

FOR THE SHORT COURSE WEEK TO BE GIVEN AT COURT HOUSE.

## PROF. KILDEE TONIGHT

H. A. Favor on Tuesday, T. E. Quisenberry on Wednesday, Then the Banquet.

Lectures will be given at the circuit court room on this evening, Tuesday, Wednesday and Thursday evenings during the short course week and will be free to everybody, no ticket being necessary. The evening program will commence at 7:30 o'clock.

For this evening Prof. Kildee of the Iowa state agricultural college of Ames, Ia., will be the speaker, and he will speak on dairying.

On Tuesday evening H. A. Favor, one of the editors of the Fruit Grower and Farmer of St. Joseph, will be the lecturer and will speak on "Pruning and Spraying." He will also show a number of lantern slides.

Then on Wednesday evening T. E. Quisenberry of the state poultry station at Mountain Grove, Mo., will talk on poultry. He will also have a number of lantern slides and his lecture will be illustrated.

On Thursday evening Prof. Whitten of the state agricultural college of Missouri will talk on agriculture.

Friday evening at 6:30 o'clock the annual short course banquet will be given in the basement of the First M. E. church, to be served by the ladies of that church. The number of diners will be limited to 300, as that is all that church will be able to accommodate. Tickets will be on sale Tuesday and the price will be 75 cents. The program for the banquet has not yet been arranged.

### TO BE A PERMANENT AFFAIR.

Plans to Be Made This Week for the One to Be Given Next Year.

The short course week in Maryville is to be made a permanent affair, according to plans that will be made out this week. The one here this week is by far the biggest one yet held and the enrollment for the week is 500. The course is given by the state agricultural college and their very best men are sent here. There are to be eight of the state college professors here, in addition to some other notable lecturers on farm matters.

Arrangements will be made so as to get everyone that is attending the course this week to enroll for the course next year, and also to get his neighbors and friends to do so. The enrollment tickets are to be \$1, and will be sold by Secretary John I. Hoffman of the Commercial club. By having a large number a year ahead of time the short course committee here will be able to make more elaborate plans and to obtain a number of noted lecturers on farm life from over the country. As it is now the course week is not assured until a large enrollment is secured, and as was the case this year and also last year, the enrollment was not secured until the last minute, giving the committee no time to work out a program or other features for the week.

### DEATH OF A 12-YEAR-OLD GIRL.

Daughter of Wm. A. Conklin Died Monday Morning From Effects of a Fall at School.

The 12-year-old daughter of Mr. and Mrs. Wm. A. Conklin, living nine miles south of Maryville, died Monday morning at 10 o'clock from the effects of a fall she received two weeks ago while playing at school. The funeral services will be held Wednesday morning at the Pleasant Grove church. Further announcement in regard to the funeral will be given Tuesday.

### Home on Vacation.

Prof. Raymond Watson, principal of the schools of Bolckow, is spending this week with his parents, Mr. and Mrs. Albert Watson, west of Maryville. The Bolckow schools were granted a vacation this week while the board of education puts in a new heating apparatus.

MONROE TOWNSHIP IN ELECTION

SATURDAY CAST VOTE AGAINST.

## THE GOOD ROADS ISSUE

The Total Vote Polled Was 199, 106 Being Against and 99 For the Bonds.

Monroe township, in an election held Saturday, defeated their \$15,000 bond issue for good roads by a big vote, as it requires a two-thirds majority for the issue to carry. The vote was 99 for the issue and 106 against the bonds, 3 votes being counted out. The total vote cast was 199, or about one-half of the total vote of the township.

Several causes given for the defeat of the good roads proposition were that the people didn't understand the purpose of the election, then the taxes to be paid on bonds, and the fact that people thought the roads were pretty good in that township and didn't need \$15,000 to spend for that purpose. Then there was no campaign made for the good roads election.

With the defeat of the good roads proposition in Monroe it is the second township in the county to fail to carry an issue for that purpose. Polk was the first, the issue failing here by a very small vote. But the proposition will be submitted again in this township within the next few months, and it is thought that it will carry this time. Polk township voted on a \$50,000 bond issue.

Union township carried their \$15,000 bond issue for good roads and still remains the only township in the county that have bonded themselves to have good roads. And they are getting good roads. That township, through the county court, has made relictious on the state for \$15,000, as the state duplicates the amount that any township gives. The people in Union seem to be well pleased with the results obtained so far, and with \$30,000 they expect to have a system of good roads that can't be beat in this county.

### WAS AN OLD INVOICE.

J. R. Brink Has One That Was Made Out to His Father in 1867 From St. Joseph Firm.

J. R. Brink recently sent to the Wyeth Hardware company of St. Joseph the original invoice of a bill of goods sold by W. M. Wyeth & Co. of St. Joseph, December 25, 1867, to Mr. Brink's father, J. Q. Brink, and Mr. Gardner of Graham. This bill of goods was hauled overland to Graham, there being no railroads leading north of St. Joseph at that time. The invoice consisted of four powder flasks at 92 cents; two pairs of silver ball hammers, \$2.16; six trace chains, \$6.25; one keg 20-penny cut nails, \$6.60; one keg 8-penny nails, \$6.85; one-half gross iron tablespoons, \$2.75; a quantity of wagon nails, ax handles and miscellaneous articles, aggregating \$35.80. Credit is given on the bill for seven wild turkeys at \$1.40 each, and for one wild turkey at 75 cents.

On the same day the Nave-McCord Mercantile company sold to the same firm a quantity of groceries and miscellaneous articles, such as was carried in those days. On this invoice there is credit given for some venison meat, some deer, mink and beaver skins. About four days were consumed in making a trip from Graham to St. Joseph and return in purchasing stocks of goods. A government stamp of the 2-cent denomination is affixed to each invoice.

### Returned to Camden Point.

Mr. and Mrs. T. M. Baughman of Camden Point, Mo., who have been guests of Mrs. Frank T. Hall and family, living west of Maryville, returned home Monday morning. Mrs. Baughman had been a guest at her daughter's home for several weeks, and Mr. Baughman came Saturday to accompany her home.

### Banquet is Postponed.

The dinner of the Methodist Brotherhood to have been given Tuesday evening at the First Methodist church has been postponed until next Tuesday evening, February 18, when it will be given at 6:30 o'clock. The dinner was postponed on account of the short course week.

## CONSERVATORY RECITAL COURSE

A Feast of Music Presented by Director Landon to the People of Our City—Season Tickets \$1.00.

Director P. O. Landon announced on Monday the dates for the Conservatory recital course he has been preparing for some time, but had been unable until now to secure dates from the artists he has been trying to secure. The course will be superior to any he has yet presented.

The first number will be a piano recital on Friday night, February 21, by Mr. Van Katwijk, the noted Hollander, who has been playing with such great success throughout Europe, and was distinguished as a teacher in a Russian conservatory. Mr. Van Katwijk will appear Friday night of this week in Baltimore.

The second number will be a violin and piano recital Thursday night, March 13, by Mr. Wort S. Morse of Kansas City, who needs no introduction to the people of Maryville. Mr. Morse is in charge of the music department of the Kansas state university at Lawrence, and is growing more and more in favor with the best musicians of the country. Mr. Morse will be accompanied by Mr. Landon on his appearance here.

The third number, on Friday night, April 11, will be a song recital by the noted contralto, Mrs. Ella Van Huff of Kansas City, who has appeared before Maryville audiences on several occasions, and with growing favor. Mrs. Huff will be assisted by Miss Marie Jones of Maryville, who is studying with her now. Miss Jones will play Mrs. Huff's accompaniments and they will sing two or three duets.

The season tickets for this musical feast are \$1 each, while the single tickets will be 50 cents each.

Mr. Landon is not expecting to make more than expenses in this course. If the artists on their course are well received he will next year secure a course of singers and musicians of international reputation.

### DEATH AT ELMO.

Mrs. Mary Castillo, Living Southwest of Elmo, Died Sunday Morning.

One of the oldest residents of the Elmo vicinity, Mrs. Mary Castillo, died at 3:30 o'clock Sunday morning, after a few hours' illness, brought on by a light stroke of paralysis. Mrs. Castillo was 83 years old the Sunday previous to her death. She had been in delicate health for quite a number of years from a paralytic affection, and the light stroke of Saturday night was more than her weakened constitution could withstand, and her death came suddenly Sunday morning.

The funeral services will be held Tuesday morning at 11 o'clock at the North Grove M. E. church, South. Burial will take place in the Six Corners cemetery, where several generations of the deceased family lie buried. Mrs. Castillo's maiden name was Mary Severs and she was the daughter of John Severs, a pioneer of Nodaway county. She was born in Tennessee on February 2, 1830. In her girlhood she moved with her father's family from Tennessee to Nodaway county, making the trip in a wagon train with many other families from that country who were coming to Northwest Missouri to locate. Mr. Severs settled near the Nodaway river, in the vicinity of Elmo, and from that time Mrs. Castillo lived her life within a distance of ten miles from where her father settled.

Mary Severs was married fifty-two years ago to Isaac N. Castillo of Maryville, who died eleven years ago. Mrs. Castillo was a brother of the late Mrs. T. W. Gaunt of Maryville. Mrs. Castillo reared ten children, five step-children and five children of her own, all of whom are living. The step-children are Mrs. Mary J. Daun of Burden, Kan.; John T. Castillo of Stevensville, Mont.; J. A. Castillo of Seattle, Wash.; Mrs. Alice Nelson and Amos G. Castillo of Elmo. Her own children surviving are H. M., M. A. and Ben Castillo and Mrs. R. G. Smith of Elmo, and N. B. Castillo of Blanchard, Ia.

Mrs. Castillo is also survived by a brother and a sister, Mrs. N. B. Lamar of Maryville and Hugh M. Severs of Elmo.

### Left for Florida.

Mrs. Laura Beal, Miss Allie Beal and Miss Bertha Beal left Monday evening for Miami, Fla., for their annual visit at this delightful winter resort. They expect to remain until the middle of April.

Mrs. Antoinette Craig-Matthews left Monday morning for her new home in Liberty, Mo., stopping in Kansas City for a few days' visit with her brother, Harvey Craig.

Mrs. Maurice McQuinn of Clyde was in the city Monday.

## TO BE IN APRIL

SECOND COMMUNITY LIFE CONFERENCE AT MARYVILLE THEN.

## AUSPICES OF NORMAL

T. B. Slawson of Rea, Mo., and State Highway Engineer Gearhart of Kansas Will Speak.

In co-operation with the Nodaway short course in agriculture, the second community life conference will be held in Maryville some time in April.

The conference, which is held under the auspices of the Normal, takes up the questions of rural consolidation, the country church and other problems of rural life.

In connection with the department of agriculture the Normal will put out a bulletin early in the spring dealing with these rural questions. The bulletin will contain descriptions of sections of road made in the county.

Mr. T. B. Slawson of Rea, Mo., who has acquired quite a reputation as an authority on road building, will come here during the conference for an address. Mr. Slawson will likely be in attendance at the local short course.

Another speaker for the April conference will be W. S. Gearhart, state highway engineer of Kansas.

### DEATH OF MRS. GRACE MELICK.

Passed Away at Her Home in Hopkins at Noon, After a Year's Illness.

Mrs. Grace Applegate Melick died at her home in Hopkins on Monday at noon, after a year's illness of tuberculosis. The funeral services will be held Tuesday afternoon, to be conducted by Rev. Griffith of the Baptist church of Hopkins, burial taking place at that town.

Mrs. Melick was born south of Hopkins twenty-three years ago last July and had always resided in that community. She was the daughter of Mr. and Mrs. George Applegate. She was married six years ago to Jess Melick of Hopkins. She is survived by her parents, her husband and two children, aged 5 and 2.

### REV. MOTHER JOHN HURT.

Thrown From a Buggy Saturday Evening and Suffered Fracture of Right Arm at Shoulder Joint.

The Rev. Mother John of St. Benedictine convent of Clyde, met with a serious accident Saturday evening about 5:30 o'clock. The accident occurred as she was returning from an inspection trip to the orphanage at Conception. Rev. Fr. Luke of the convent was driving in a buggy with her, and as they entered the driveway to the convent grounds one wheel of the buggy struck a stone in the road and came off. The horse, although gentle, became frightened and started to run, overturning the buggy and throwing both occupants out. Rev. Fr. Luke escaped with a few bruises.

Dr. Stuckle of Clyde was summoned and found Mother John's injuries very serious and summoned Dr. C. V. Martin of Maryville to his assistance. The large bone of the right arm was fractured at the joint, and she was badly frightened and bruised all over her body. She was resting somewhat easy Monday afternoon, but is in great pain. Dr. Martin will go to Clyde Monday evening to visit his patient.

### A BUSY DAY AT THE CAPITAL.

Mrs. Anderson Craig Tells of Social Duties and Pleasures.

The Democrat-Forum is pleased to present today the first chapter of "Social News From the State Capital," from Mrs. Anderson Craig of this city, wife of Senator Anderson Craig, which will be given by her occasionally, according to a request made of Mrs. Craig by the society reporter for this paper. Mrs. Craig's first letter is entitled "A Busy Day," and reads:

You have asked me to write you of some of the social news of the capital, and I will try to comply. But really, there has been very little gaiety compared with two years ago. Since the inauguration there have been a few card parties, Kensingtons, afternoon teas and some smaller affairs, but they promise us a lively February. The United Daughters of the Confederacy organization is to have a big function February 14, and the Daughters of the American Revolution will celebrate the 22d of February. Other big affairs are talked of in the near future. In the meantime we are far from idle.

It seems that our youth and beauty have made for us many friends, and I am thoroughly enjoying my winter of rest and recreation, while Mr. Craig seems equally well satisfied with the hard work with which he has, as usual, loaded himself.

Last Friday Mrs. Evans, wife of the state superintendent of public schools, invited a number of the wives of the appropriations committee, ten in all, to accompany her on a visit to Lincoln institute, including a tour of inspection and a midday lunch on. At about 8:30 o'clock two taxicabs, filled with grace and dignity arrived at the summit of a young and breezy mountain, the goal of our anticipations, and entered the building.

We were immediately ushered to the rostrum, where, as guests of honor, we were ready to inspect and be inspected. On our right sat the president of the school. Almost immediately a number of men filed in from our left, whom, without looking around, we supposed to be the rest of the faculty.

After a short preliminary program, Mrs. Swearingin, wife of the chairman of the committee, was called upon for a short speech, to which she graciously responded, and—then—they—called—upon—me. And although we both had emphatically declared we would not, could not, should not ("whatever a woman says she won't, she's always sure of doing"), and I, feeling I was a stranger in a strange land, with no one to molest me or make me afraid, responded with my maiden speech to that great sea of colored intelligence confronting me.

Mrs. Evans then gave them a pleasant talk—and then—imagine my surprise and consternation, when my supposed faculty being called out, they stepped to the front before my astonished gaze President W. A. Blagg and W. G. Hine of the Northwest Normal regents, and President H. K. Taylor of the Normal, and delivered each a separate oration upon the congregated colored questions before us.

After the chapel exercises we were taken through all the departments of both intellectual and manual labor, cabinet making, steel workers, shoemakers, milliners, dressmaking, cooking and carpenters. Then we were invited into the company dining room, where a most elegant six-course luncheon was served by the junior class in domestic science. Hand-painted menu booklets were at each plate, and everything, from the grape fruit cocktail through the turkey and salad courses to the peach ice cream and mint drops, were most appetizing and perfectly served.

We reached home just in time to prepare for Mrs. John P. Gordon's elegant reception, which was a most enjoyable affair. The wives of the new administration assisted the hostess. The hall was banked with varied foliage plants and the dining room was like a dream of spring-time with its many colored spring blossoms and its dainty, flower-like maidens gracefully serving the guests. And there, among them, stood Miss Georgia Condon of Maryville, "the fairest flower among them all," and she looked good to me.

From Mrs. Gordon's we went to the home of Mrs. Grishaw, where the Episcopal ladies were serving a delightful tea. A bouquet of the most beautiful La France roses in a large cut glass vase upon an elegant centerpiece of lace adorned the dining room and dainty refreshments were served.

As the dinner hour was fast approaching we hastened home, but, strange to say, we had little appetite. There were many others, but Mrs. McClinton, wife of the senator from Monroe City, was my companion on the round of pleasure, and we enjoyed it all thoroughly. A small company coming in in the evening to sit until bedtime finished up one of the fullest days I have spent in Jefferson City.

Mrs. A. Lutz of Pickering spent Friday and Saturday in Maryville the guest of Mrs. J. D. Nelson.

Mrs. J. A. Abbott and daughter, Miss Audrey Abbott of Lenox, Iowa, were in the city Monday.

# NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—when portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## MRS. BAUMAN AGAIN ON STAND

Story of Events Leading Up to Death of Chrisman Swope Is Told—Describes Convulsions as Similar to Those of Colonel Swope.

Kansas City, Feb. 10.—Mrs. Ann Bauman took the stand again when the trial of Dr. B. Clarke Hyde for the murder of Colonel Thomas H. Swope was resumed today. She testified that she went to the Swope household as a nurse Dec. 4, 1909, about two months after the death of Colonel Swope, and found Chrisman and Margaret Swope and Miss Nora Dixon ill with typhoid.

Over repeated objections by the defense, Mrs. Bauman was allowed to tell her story of the events leading up to and including the death of Chrisman. It was this testimony in the first trial that the supreme court ruled out in remanding the case for new trial.

Mrs. Bauman testified that Dr. Hyde instructed the nurses to take sixteen hour shifts alternately with the patients. By doing this, she said, no one would have complete knowledge of any one case.

In telling of the death of Chrisman she said that Dr. Hyde instructed her to give the patient a capsule and that twenty minutes after he had swallowed it Chrisman was taken with convulsions.

She described the convulsions as similar to those of Colonel Swope.

Attempts by the defense's attorneys to prove inaccurate the memory of the nurse, Mrs. Pearl Keller Roy were made.

## DR. FREIDMANN IS COMING

Cables Will Take Case of Son-in-Law of New York Banker.

Kansas City, Feb. 10.—Charles E. Finlay, the New York banker, received the following cablegram from Dr. F. F. Friedmann, the German scientist who claims to have discovered a successful cure for tuberculosis.

"I will take the case of your son-in-law. Sail on the Kron Princess Cella Frederick."

Mr. Finlay, who came here to visit his brother, James Finlay, said he had made arrangements for the test to be given the Friedmann serum. He affirmed that he would give the German scientist \$1,000,000 if he effected a cure of the banker's son-in-law and 100 other sufferers.

Mr. Finlay said the test would take place at the Polytechnic sanitarium in New York.

## SECOND NEGRO IS BURNED

Mississippi Mob Burns Man for Killing Woman.

Houston, Miss., Feb. 10.—Dwight Rucker, a negro, thirty years old, was lynched here in the presence of a crowd estimated at 1,000 persons, after he had confessed to the murder of a white woman. The sheriff and his posse, guarded by armed members of the mob, looked on while the negro was chained to an iron pump in the court house yard, oil-soaked wool piled about him, and set on fire. Four bullets from the revolver of a member of the mob hastened the negro's death. His was the second lynching growing out of the killing of Mrs. J. C. Williams.

## Young Man Admits Killing His Father.

Chillicothe, Mo., Feb. 10.—Confronted by bloody finger prints, identified as his own, Lee Hoyt, twenty-one years old, admitted the murder of his father, Edward Hoyt, a wealthy cattleman, in November, 1911, according to County Prosecutor E. L. Marshall. The elder Hoyt's head was crushed with a mallet. The boy said his father had been too severe with him. The son reported finding his father's body in a barn on the Hoyt farm. It was believed he had been slain by robbers. Detectives finally discovered faint finger prints in blood on an iron tank in the barn and these prints were identified as those of Lee Hoyt.

## Loses Life in Saving Baby.

Milwaukee, Feb. 10.—Realizing she could not escape the wheels of an onrushing automobile which was approaching her, Mrs. Harry C. Langemo, twenty-four years old, threw her eight-month-old baby to the curb of a downtown street and was herself fatally crushed beneath the machine. The driver was arrested.

## Youth Slays Three Negroes.

Evansville, Ind., Feb. 10.—Allen Von Behren, assistant superintendent of a woodworking plant owned by his father, shot and killed three negro laborers. He had had trouble with them earlier, and said they threatened to kill him. The dead are: Walter Washington, John and Henry Gordon. Von Behren was arrested.

## Iowa Tied for First in Rifle Shoot.

Washington, Feb. 10.—The Eastern Intercollegiate Rifle league event is still a triple tie between Columbia, Harvard and Massachusetts Aggies. In the Western league, Iowa and West Virginia are tied for first place.

# NINE INDICTMENTS WILL BE RETURNED

Grand Jury Ready to Report in  
Police Inquiry.

New York, Feb. 10.—Nine indictments, and possibly ten, it was learned, are expected to be returned by the grand jury today in the police graft investigation. Two of these indictments will be against members of the police department, one of whom is said to be an inspector. A lawyer, whose name has been prominently mentioned in connection with the graft investigation, is a third man whose indictment is expected. The connection of the others with the graft revelations in the detailed confessions of Patrolman Eugene Fox and Captain Thomas Walsh could not be learned.

The physician attending Captain Walsh reported that his patient would be able to go to the district attorney's office, where other witnesses also have been summoned.

## ROBBERS USE A DUMMY SAFE

Cardboard Model Was to Be Substituted for Real Article, but Plan Fails.

New York, Feb. 10.—A safe of painted cardboard, reproduction of a real safe they planned to rifle, was prepared by burglars who broke into a First avenue saloon.

The real safe stood beneath an electric light kept burning all night and in full view from the street. The artists who conceived the plan intended to substitute the cardboard strong box for the steel one and then to blow the real safe unmoored in a dark corner of the saloon.

Something frightened them away before they accomplished their purpose for the proprietor found that after breaking in the thieves had fled, leaving their dummy safe behind them.

## AUTO RUNS INTO CANDY SHOP

Woman's Runabout Crashes Through Sidewalk Crows in Chicago.

Chicago, Feb. 10.—Three persons were injured when an electric runabout containing Mrs. Jessie Orton and three women friends, swerved, went up over the sidewalk and crashed into the front of a candy store in the Congress hotel.

Occupants of this machine escaped without injury, but Mr. and Mrs. Frank Warren, who were passing, were crushed between the machine and the building, and George Ricks was knocked aside and cut and bruised.

## Girl Worth \$25 to White Slave Gang.

New York, Feb. 10.—The existence of a white slave gang that sells girls for \$25 or \$30 each to owners or keepers of resorts in Chicago was described to Judge Mand, in the federal court, by Assistant United States District Attorney Walker, who moved for heavy sentences for Frank Flinto, a wine merchant, and Joseph Robuffo of Paterson, N. J., convicted of forcing a young woman to enter a resort in Paterson. Sentences were deferred pending a decision on motions for a new trial.

## Friendly Feelings Exhibited by Russia.

St. Petersburg, Feb. 10.—The government has indicated an optimistic attitude with regard to developments in Russo-American relations by introducing a bill in the duma establishing consulates at Nome, Sitka, Seattle, Honolulu and Pittsburgh, and increasing the staffs at Chicago and New York.

## Bank President Found Guilty.

Boise, Ida., Feb. 10.—Edward Payne, former president of the defunct Bo's State bank, was found guilty of having made false reports to the state banking department by a jury here. Eugene D. Payne, a son, jointly indicted with his father, was acquitted.

# BULAIR CENTER OF FIGHTING

Allies' Plan to Capture Gallipoli  
Peninsula Arouses Turks.

## ENVER BEY'S PROJECT SHOWN

Mysterious Move of Turkish Leader Was Attempt to Effect Landing Southeast of Dorosto and Thwart Advancing Bulgarians.

London, Feb. 10.—Some light is beginning to be shed by the brief official dispatches which contain all the available news upon military tactics in the Balkan campaign.

Reports of attempts on the part of the Turks to land troops along the coasts of the Black sea and the Sea of Marmora, which heretofore were only learned from unofficial sources, now are officially admitted, and it looks as though Enver Bey's mysterious and desperate move, of which there have been some rumors, was an attempt to effect a landing at Charkeul, with the intention of relieving the pressure of the Bulgarian attack on the Bulair lines.

This movement of the Bulgarians, according to an uncensored dispatch from Constantinople, is causing serious anxiety at the Turkish war office. It is known that the allies are advancing in strength against Bulair and the Constantinople dispatch adds that the Greek fleet has appeared in the Gulf of Saros, where Serbian troops also are reported to have landed to assist the Bulgarians.

It now seems clear that the allies have abandoned the attempt to force the Thrakia lines in favor of an attempt to capture the Gallipoli peninsula, so as to open the way by sea to Constantinople.

According to Turkish reports Turkish reconnaissances have reached Tcherkeskeni and Tcholu, which would indicate that the Bulgarians, who, a few days ago, were reported to have moved their headquarters to Tcherkeskeni, are moving their lines still farther to the west.

Apparently heavy fighting is progressing near Scutari and the bombardment of Adrianople still is in progress.

## Protest Against Outrages.

Constantinople, Feb. 10.—Representatives of the Society of Elevation of Women, and of the Red Cross have sent a letter to the sovereigns of Europe calling attention to "those shameless hordes which are endeavoring to disguise under the shadow of the cross the most ghastly series of assassinations and outrages ever witnessed in a war in Europe in modern times."

## Turks Driven Back at Bulair.

Sofia, Feb. 10.—An official statement says the Turks took the offensive against the Bulgarians before Bulair in the Gallipoli peninsula. After a fierce engagement, lasting several hours, the Bulgarians repulsed the Turks, pursuing them to the Bulair forts. Many wounded were left on the field.

## JOHN GRASS GETS A CHANCE

Great Sioux Orator to Address New York Audience.

Washington, Feb. 10.—Arrangements have been completed by the Indian bureau for the participation of Indians representing all tribes in the country in the ceremonies incident to the beginning of the construction of a memorial to the American Indian to be placed in New York harbor by John Wanamaker, former postmaster general. The ceremonies are to take place Feb. 22, Washington's birthday. Indians from South Dakota and their northwestern sisters will form the larger part of the representation from the descendants of the original inhabitants of the North American continent. John Grass, a Sioux from the Standing Rock reservation, will be the orator for the Indians. Hollow Horn Bear, a Rosebud Sioux whose portrait is printed on one of the bills put out by the treasury department, will also be a member of the delegation. All the representatives of the red men will be fullbloods.

## APPROVES U. P.-S. P. SPLIT

Attorney General Wickersham Agrees to Plan to Dissolve Merger.

Washington, Feb. 10.—Attorney General Wickersham announced that he had reached an agreement with the representatives of the Union Pacific and Southern Pacific railroads for the dissolution of the Harriman merger, as decreed by the supreme court.

The Union Pacific agrees to sell its 1,265,500 shares of Southern Pacific stock to its own stockholders and those of the Southern Pacific in what the government regards as safe proportion. The Union Pacific will acquire the Central Pacific from the Southern Pacific, giving it an extension from Oregon to the Pacific coast.

## American Is Shot; Held by Mexicans.

San Diego, Cal., Feb. 10.—Roy E. Rankin, a Los Angeles insurance agent, was shot and seriously wounded at Tia Juana, Lower California, by an unidentified assailant. The Mexican authorities refused requests of his physician that he be brought to San Diego, but said they would telegraph to Ensenada for permission to let him go.

## HEARTS and Flowers

### The Most Effective Valentine

Beautiful, blooming flowers are far more in keeping with the tender sentiments of St. Valentine's Day than any expression in any other form. Nothing expresses the spirit of the day so perfectly, nothing you can send your sweetheart or wife which will convey tenderness, love and affection so well, for "Flowers are lovely, love is flowerlike." Of all the missives she receives throughout the Day none will win her favor so much as Flowers from Engelmann's. We offer an especially nice selection of fresh cut violets, sweet peas, lily of the valley, roses, carnations, etc., and beautiful potted plants, all very attractively arranged for St. Valentine's Day at very reasonable prices. Mail orders promptly attended to.

## BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies  
the Hair. Cures Dandruff,  
Stops Falling Hair.

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hair, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. Agent Kock Pharmacy.

### AFTER SICKNESS.

#### How to Recover Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After gripe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation (without oil). It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy robust condition.

Mrs. Alice Mill of Newton, N. C., says: "I had a very severe attack of gripe which confined me to my bed for several weeks. After I was able to sit up I felt weak tired and worn out for a long time. A friend advised me to try Vinol, and before I had taken one bottle I was entirely relieved of that tired, worn out feeling which usually follows gripe, and I had regained my strength and felt well again."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

## TROOPS REVOLT IN MEXICO CITY

Soldiers Release Felix Diaz and Besiege National Palace.

### GENERAL REYES IS KILLED.

Four Encounters on Streets of Mexican Capital—Many Spectators Among 200 Victims of Bullets—Madero Fortified in Palace.

Mexico City, Feb. 10.—President Francisco Madero, with his ministers and a strong detachment of loyal troops, is fortified in the national palace, while General Felix Diaz, with a large majority of the regulars behind him, has practical control of the capital.

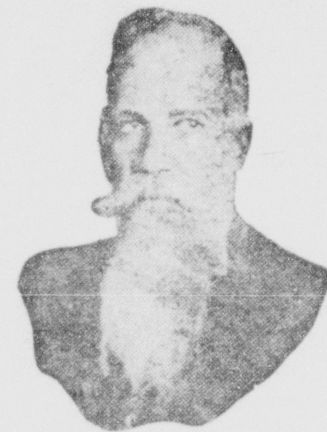

In several bloody encounters the president and his supporters succeeded in defending themselves against the rebels, and notwithstanding the fact that the troops in large numbers are in a state of revolt, which carried all before them, there was an appearance of genuine optimism at the palace among Madero and his ministers.

To all parts of the republic, Madero telegraphed reassuring news, which he and his cabinet seemed to believe. The state governors and military commanders were assured of the loyalty of the army and that tranquility had been restored.

#### Diaz Fighting for Life.

Those who have observed affairs closely point out that General Diaz, who escaped being shot summarily following the failure of the Vera Cruz revolt, now can expect no clemency, but must fight to the death.

There is no question that Diaz is straining every fiber to depose Ma-

GENERAL REYES.

dero, and with the large forces at his command, both within the city and outside, it is not likely that the present revolt and the rising within the capital will be suppressed easily.

General Diaz, who is a nephew of the deposed president, Porfirio Diaz, now is at the head of a majority of the capital troops, including most of the artillery, and is in possession of the arsenal of the city and the powder works near by.

Madero is relying on the loyalty of General Blanquet, who has been summoned from Toluca, forty miles distant, but Blanquet has only 1,000 men under his command and the rebels are confident of defeating him should he refuse to join the revolt.

#### Four Engagements Fought.

The day was marked by four separate engagements, the most sanguinary of which took place in front of the national palace. But the most important was that which terminated in the formal surrender of the troops in the artillery barracks.

It is believed that not less than 200 persons were killed in the fighting. Among the number was General Bernardo Reyes, a strong adherent of Porfirio Diaz and ex-secretary of war. The mutinous troops were led by students of the military school at Tlalpam. They marched to the prison to which General Felix Diaz had been transferred for safe keeping and released him. General Bernardo Reyes was also freed from Santiago military prison, there being no resistance in either quarter.

To the army of mutineers quickly came portions of the First cavalry, Twenty-fourth cavalry and Twentieth infantry. General Mondragon was in command, but gave way to Diaz and Reyes.

The first encounter with loyal troops occurred in front of the national palace and General Reyes, whose long record as an army officer was broken little more than a year ago, by a farcical revolt, was killed instantly by a bullet through the head.

Many fell in this engagement and among the scores of bodies which strewn the street were those of minor officers, women and boys of the lower classes.

At the first call to arms President Madero took command of a force of 1,000, consisting of mounted police, cadets and volunteers. He appeared at the head of this force a mile from the national palace, riding a big gray horse. By his side rode General Huerta.

Several blocks from the palace, one of Madero's aides attempted to dissuade the president, and placing his hand on the horse's bridle, half turned the animal from the line. Madero protested vigorously and continued to lead the advance until the shooting began, when General Huerta succeeded in persuading him to enter a building in a side street.

#### Short Course for Women Grows.

Fourteen counties of Missouri are represented in the short course for women which is now holding its second session at Columbia. Lewis and Newton counties each have three students, while Andrew, Lincoln and Boone counties have two students each. The remaining nine students represent as many different counties of Missouri.

This is a seven weeks course, beginning with the opening of the university after the Christmas holidays, and continuing until February 21. It started last winter with an enrollment of fourteen. The 50 per cent increase in the second winter following its establishment indicates the popularity which will be accorded it after it has become well established and the people of Missouri have come to recognize that a bright girl is entitled to the same chance which is now freely accorded her brother.
